

# U.S. Nuclear Infrastructure Council Overview

U.S. Department of Commerce  
Fukushima D&D Business Mission  
February 2014

# USNIC Overview

- ▶ Leading U.S. business consortium advocate for new nuclear and engagement of the American supply chain globally.
- ▶ Composed of fifty companies representing the “Who’s Who” of the nuclear new build and environmental management community.
- ▶ Member of the U.S. Department of Commerce’s Civil Nuclear Trade Advisory Council and the 2013 U.S. Industry Delegation to the IAEA.
- ▶ Co-hosted two U.S. Industry forums in conjunction with the International Research Institute for Nuclear Decommissioning – as well as a Fukushima briefing with the Embassy of Japan in 2013.

# Key Issues

- ▶ Portfolio of issues include:
  - Key U.S. mover deployment
  - Manufacturing & supply-chain readiness
  - Technology advancement
  - Sustainable fuel cycle
  - Licensing Surety
  - International nuclear markets
  - Fukushima D&D & U.S. legacy environmental management
  - Outreach & education

# USNIC Initiatives

- ▶ Five Working Groups (Supply-Chain; Technology; Fuel Cycle; International; Outreach);
- ▶ Sponsorship of a topical Nuclear Roundtable series;
- ▶ Coordination of a monthly “First Tuesday” Capitol Hill breakfast exchange;
- ▶ Hosting of an annual U.S. special summit on emerging new nuclear energy issues (scheduled for June 10-11 in Washington DC) with presentation of an annual Distinguished Leadership Award ;
- ▶ Hosting of a Diplomatic Nuclear Energy Program series;
- ▶ Management of ongoing International Fact Finding Missions;
- ▶ Quarterly members meetings; Business and political intelligence communiqués.
